

REGION VI GROUP A & B VOTING GUIDE

Brought to you by the Region VI Code
Development Group

Message from Paul Demers, Chairman, ICC Region VI

On behalf of the ICC Region VI Board, I extend our sincere appreciation to the Tuesday Code Development Team for producing this exceptional document. The dedication, professionalism, and collaborative spirit demonstrated by this group exemplify the highest standards of our code community and reinforce our shared commitment to improving the codes that benefit all.

The Tuesday Team has fostered an open, inclusive, and respectful environment—inviting all who wish to engage, contribute, and learn. By upholding the integrity of the code development process and prioritizing the participation of Governmental Members, the team also welcomes valuable insight from industry professionals and other code enthusiasts who share our mission of advancing safety and understanding.

Region VI is proud to be recognized as a trusted resource within ICC, and this initiative stands as a reflection of our unwavering dedication to promoting public health, safety, and welfare through sound code development. Many participants have expressed appreciation for the educational value and professional insight they gain through this collaborative effort.

I wish to extend a special acknowledgment to the team's co-chairs—Ray Steadward of Connecticut, Greg Gilbert of Maine, and Marty Moseley of New York—whose leadership and commitment have been integral to the success of the ICC Region VI Voting Guide.
